

Lista projektów dofinansowanych z Mechanizmu Finsowego EOG i Norweskiego Mechanizmu Finansowego 2014-2021 (III edycja)			
Baza projektów GrACE, stan na 30 kwietnia 2025 r.			
Nazwa Programu	Nazwa projektu	Dofinansowanie projektów (EURO)	Nazwa beneficjenta
PL-Applied Research	Multifunctional groove-patterned tubes for increased regeneration of peripheral nervous system after injuries	188 673,08	Adam Mickiewicz University, Poznan
PL-Applied Research	Pixel readout integrated circuit with intelligent X-ray detection	181 310,71	AGH University of Science and Technology
PL-Applied Research	Innovative hydrometallurgical technologies for the production of rhenium compounds from recycled waste materials for catalysis, electromobility, aviation and defense industry	198 645,11	Lukasiewicz Research Network - Institute of Non-Ferrous Metals
PL-Applied Research	Preclinical study of the implant for reconstruction of the cruciate ligament with a substitute for bone regeneration	196 956,78	Institute of Fundamental Technological Research of the Polish Academy of Sciences
PL-Applied Research	Design and optimization of hybrid capacitors based on transition metal compounds/carbon nanostructures composites	126 236,21	Wroclaw University of Science and Technology
PL-Applied Research	Doping of metal oxides with particular emphasis on copper oxide, by spray coating method to reduce its resistivity for use in a thin-film heterojunction and perovskite solar cells	120 642,77	Institute of Metallurgy and Materials Science of Polish Academy of Sciences
PL-Applied Research	Engineering a Novel, Diverse, Library-based Electronic Structure Suit for Molecular Design	160 981,93	Nicolaus Copernicus University in Torun
PL-Applied Research	Flow electrodes from biomass-derived char	193 123,38	SILESIAAN UNIVERSITY OF TECHNOLOGY
PL-Applied Research	Improving the Efficiency of Hydrogen Storage Vessels through Novel Oxide Coatings	197 885,30	Wroclaw University of Science and Technology
PL-Applied Research	Pt-free graphene-based catalysts for water splitting technology as green method for hydrogen production	197 777,02	Nicolaus Copernicus University in Torun
PL-Applied Research	New method of calculation and experimental studies of cross-flow heat exchangers made from tubes with individual or continuous fins	194 112,38	Cracow University of Technology
PL-Applied Research	New technology of forming magnesium alloy wheels for light vehicles	200 000,00	Warsaw University of Technology
PL-Applied Research	Communities for Climate Change Action	1 402 493,81	Warsaw University of Life Sciences
PL-Applied Research	SmartFood: Engaging citizens in food diversity in cities	1 500 000,00	Research and Innovation Centre Pro-Akademia
PL-Applied Research	USAGE-Urban Stormwater Aquaponics Garden Environment	2 174 767,20	Water Science and Technology Institute - H2O SciTech
PL-Applied Research	Storage of human milk in unfrozen state under high pressure-subzero temperature conditions - new method of preservation	191 027,32	Gdańsk University of Technology
PL-Applied Research	Single-stranded DNA aptamer capable of specifically binding human PD-L1 as a new molecular probe in cancer diagnosis	169 223,33	Jagiellonian University in Kraków
PL-Applied Research	Pioneering hybrid materials for CO2	189 826,82	University of Gdańsk
PL-Applied Research	Modern hybrid materials for rare earth elements recovery from coal fly ashes	186 978,74	Silesian University of Technology (SUT)
PL-Applied Research	A multi-directional analysis of refugee/DP camp areas based on HR/VHR satellite data	1 447 622,09	Space Research Centre of the Polish Academy of Sciences
PL-Applied Research	Methane fermentation of biomass containing biodegradable polymeric material	1 260 363,90	Gdańsk University of Technology
PL-Applied Research	CO2-Enhanced Geothermal Systems for Climate Neutral Energy Supply	1 322 221,58	AGH University of Science and Technology
PL-Applied Research	Innovation in Underground Thermal Energy Storages with Borehole Heat Exchangers	1 489 065,87	AGH University of Science and Technology
PL-Applied Research	Carbon Capture in Molten Salts - Prototype	835 235,08	AGH University of Science and Technology
PL-Applied Research	Advanced Gas and Carbon Dioxide Storage in Aquifer	1 944 032,12	AGH University of Science and Technology
PL-Applied Research	Automated Guided Vehicles integrated with Collaborative Robots for Smart Industry Perspective	1 497 133,15	SILESIAAN UNIVERSITY OF TECHNOLOGY
PL-Applied Research	Innovative fire- and water resistant cellulose-based material	964 173,89	Poznań University of Life Sciences
PL-Applied Research	Enhancing the user uptake of Land Cover / Land Use information derived from the integration of Copernicus services and national databases	1 330 143,76	Institute of Geodesy and Cartography
PL-Applied Research	Improving plant quality and economy for a more sustainable and efficient berry production	1 245 500,47	Institute of Horticulture - National Research Institute
PL-Applied Research	Integrated system for Simultaneous Recovery of Energy, organics and Nutrients and generation of valuable products from municipal wastewater	1 451 755,71	Poznań University of Technology
PL-Applied Research	Anaerobic biorefinery for resource recovery from waste feedstock	1 498 019,83	Poznań University of Technology
PL-Applied Research	Novel targeted therapy based on dual warhead conjugates against FGFR-dependent cancers	1 485 228,66	University of Wrocław
PL-Applied Research	Improvement of the EU tyre labelling system for noise and rolling resistance	1 204 775,21	Gdańsk University of Technology
PL-Applied Research	Modularized, Reconfigurable and Bidirectional Charging Infrastructure for Electric Vehicles with Silicon Carbide Power Electronics	1 124 966,18	Warsaw University of Technology
PL-Applied Research	Photocatalytic and photoelectrochemical carbon dioxide reduction - PhotoRed	1 834 208,12	West Pomeranian University of Technology in Szczecin
PL-Applied Research	GRen And SuStainable - Knowledge EXpanded freight Transport in cities	961 449,53	Maritime University of Szczecin
PL-Applied Research	Innovative moving bed adsorption process for CO2 capture in coal-fired power plants operated under variable load	2 037 972,34	Cracow University of Technology
PL-Applied Research	Machine Learning-based systems for the automation of systematic literature reviews in food safety domain	1 197 166,58	Warsaw University of Technology
PL-Applied Research	OneHealth approach to sustainable prevention and treatment of infectious diseases	1 499 452,30	Mossakowski Medical Research Centre Polish Academy of Sciences
PL-Applied Research	Development of alternative CAR constructs targeted against refractory B-cell malignancies	1 499 937,24	Medical University of Warsaw
PL-Applied Research	Negative CO2 emission gas power plant	3 792 476,76	Gdańsk University of Technology
PL-Applied Research	Highly Accurate and Autonomous Programmable Platform for Providing Air Pollution Data Services to Drivers and Public	1 497 278,63	Gdańsk University of Technology
PL-Applied Research	Bio-coke for ferroalloys industry production	1 432 220,55	Institute of Energy and Fuel Processing Technology
PL-Applied Research	Intelligent remediation system for removal of harmful contaminants in water using modified reticulated vitreous carbon foams	1 461 033,78	Institute of Biotechnology and Molecular Medicine
PL-Applied Research	Mod4GrIn - self-sustainable, smart module for city green infrastructure in climate change adaptation	995 048,39	Institute for Ecology of Industrial Areas
PL-Applied Research	Development of reference materials for silicon industry - improvement of quality assurance	523 447,22	Lukasiewicz Research Network - Institute of Non-Ferrous Metals
PL-Applied Research	Shortcut nitrification in activated sludge process treating domestic wastewater - key technology for low-carbon and clean wastewater treatment	1 495 572,96	Wroclaw University of Science and Technology
PL-Applied Research	Microfluidic cells for high-throughput multiple response analyses	1 350 319,46	redome AB
PL-Applied Research	Long-endurance UAV for collecting air quality data with high spatial and temporal resolutions	1 431 855,86	The Silesian University of Technology
PL-Applied Research	Detection, prediction, and solutions for safe operations of MASS	1 351 404,90	Gdynia Maritime University
PL-Applied Research	Theranostic Exosomes in Personalized Cancer Nanomedicine	1 477 811,52	Medical University of Warsaw
PL-Applied Research	A Floating Dock Digital Twin towards Efficient, Safer and Autonomous Docking Operations	1 376 672,06	Gdańsk University of Technology
PL-Applied Research	Development of novel microwave-assisted freeze-drying unit combined with natural working fluid-based refrigeration system for agriculture and marine foods	1 499 707,97	SILESIAAN UNIVERSITY OF TECHNOLOGY
PL-Applied Research	Ammonia as carbon free fuel for internal combustion engine driven agricultural vehicle	1 445 629,43	SILESIAAN UNIVERSITY OF TECHNOLOGY
PL-Applied Research	HERA (Hydrogen Energy Rechargeable Architectures): Coupling of on-demand hydrogen generation and storage	1 431 791,70	University of Warsaw
PL-Applied Research	Polish sheep wool for improved resource utilisation and value creation	902 384,75	UNIVERSITY OF BIELSKO-BIALA
PL-Applied Research	Sustainable and safe food production by novel control strategies of bacteria in the food chain	1 497 914,18	Mossakowski Medical Research Centre Polish Academy of Sciences
PL-Applied Research	Modular system based on Molten Carbonate Fuel Cells with tailored composite membranes designed for specific flue gas compositions oriented into CCS integration with an industrial power plant	1 320 781,61	Warsaw University of Technology
PL-Applied Research	Anti-icing sustainable solutions by development and application of icephobic coatings	1 381 029,18	TECHNOLOGY PARTNERS Foundation
PL-Applied Research	Tools for information to farmers on grasslands yields under stressed conditions to support management practices	977 065,70	Institute of Geodesy and Cartography
PL-Applied Research	The POLISH NORwegian research collaboration to increase quality of health care and improve health outcomes of children and adult patients with RHEUMAtological diseases – the POLNOR RHEUMA project	1 430 215,63	Jagiellonian University Medical College
PL-Applied Research	GREEN HEAT - towards collaborative local decarbonization	1 319 998,61	Institute of Fluid-Flow Machinery Polish Academy of Sciences
PL-Applied Research	Co-designing Inclusive Mobility	2 049 989,50	University of Warsaw
PL-Applied Research	Marine port surveillance and observation system using mobile unmanned research units	1 244 741,22	Port of Gdynia Authority S.A.
PL-Applied Research	Greencoin	1 949 256,22	Gdańsk University of Technology
PL-Applied Research	Development of a Technology based on Artificial Intelligence for inferring Substitutable recipe Ingredients	188 342,23	Poznań University of Technology
PL-Applied Research	New electrodeless Ni-B/B and Ni-B/MoS2 composite coatings with improved mechanical properties	199 930,77	Lukasiewicz - Warsaw Institute of Technology
PL-Applied Research	Study of the composition of a bacteriophage preparation specific to multi-drug resistant Acinetobacter baumannii clinical strains	175 816,46	Institute of Immunology and Experimental Therapy at the Polish Academy of Science
PL-Applied Research	Development of ceramic and ceramic composite combustion chamber fabrication	198 479,08	Lukasiewicz Research Network - Institute of Ceramics and Building Materials
PL-Applied Research	Buried periodic Arrays of NANOchannels for single-frequency nitride lasers	198 398,42	Institute of High Pressure Physics Polish Academy of Sciences
PL-Applied Research	Variability of arctic river thermal regimes in a changing climate	162 696,94	Institute of Geophysics Polish Academy of Sciences
PL-Applied Research	The Synergy of Biological and Thermochemical Treatment of Biowaste to Reduce the Environmental Impact and Increase Process Efficiency	191 702,22	Wroclaw University of Environmental and Life Sciences
PL-Applied Research	Integrated technology for nitrogen and phosphorus removal and recovery in municipal wastewater treatment plants	198 358,91	Gdańsk University of Technology
PL-Applied Research	Bipolar disorder prediction with sensor-based semi-supervised learning	196 969,36	Systems Research Institute, Polish Academy of Sciences
PL-Applied Research	Voltammetric detection of nitro-explosive compounds using hybrid diamond-graphene sensors: field monitoring of emerging contaminants in the Baltic Sea region	199 974,73	Gdańsk University of Technology
PL-Applied Research	Healthy society-towards optimal management of wind turbines' noise	1 028 816,75	Adam Mickiewicz University, Poznań
PL-Applied Research	Innovative quenching and partitioning medium-manganese steels – novel technological concepts for ultra-high strength and ductile automotive sheets and plates	181 530,48	The Silesian University of Technology
PL-Applied Research	New generation material for application in bioabsorbable orthopedic implants	199 864,84	Institute of Metallurgy and Materials Science of Polish Academy of Sciences
PL-Applied Research	Modern wastewater treatment with plasma-prepared catalyst for textile wastewater recycling	180 649,20	Lodz University of Technology
PL-Applied Research	Novel composite biopolymer scaffolds of customizable porous structure and preset biological activity	169 223,33	Lodz University of Technology
PL-Applied Research	3D printing and nanotechnology for electromagnetic shielding of CFRP structures	199 887,40	TECHNOLOGY PARTNERS Foundation
PL-Basic Research	Influence of solid phase properties on the sedimentation process	120 983,00	The Silesian University of Technology

PL-Basic Research	Quantum Singularities in Holographic Models	122 407,00	University of Warsaw
PL-Basic Research	Screening for new therapeutic targets in inherited retinal diseases based on protein-protein interactions analysis	199 978,00	Medical University of Silesia in Katowice
PL-Basic Research	Phenotypic heterogeneity in cancer chemotherapy	199 551,00	Institute of Physical Chemistry, Polish Academy of Sciences
PL-Basic Research	Transnational Cinema of Agnieszka Holland	160 288,00	University of Lodz
PL-Basic Research	SVELTA - Svalbard Delta Systems Under Warming Climate	168 523,00	University of Wrocław
PL-Basic Research	Qualified majorities in counter-majoritarian mechanisms: Towards a new theory of supermajorities in judicial review	118 540,00	University of Silesia in Katowice
PL-Basic Research	Benthic coastal buffers against climatic and eutrophication extremes	200 000,00	University of Gdańsk
PL-Basic Research	Positive Health Program	195 025,00	Jagiellonian University in Kraków
PL-Basic Research	UHP obliterated? The evolution of eclogite in and in between UHP areas, W Norway	198 185,00	AGH University of Science and Technology
PL-Basic Research	Life at the limits: diversity, adaptation strategies and bioprospecting of microbes living in Arctic deep sea habitats	1 500 000,00	University of Gdańsk
PL-Basic Research	"RAW – Retreat And Wither" – What is the influence of glaciers recession from tidewater to land-based on the marine biological production and biogeochemistry in the Arctic?	1 344 008,00	Institute of Geophysics Polish Academy of Sciences
PL-Basic Research	FORecasting hydrological response, Carbon balance and Emissions from natural mires in arctic-to temperate zone transect in abrupt climatic change	1 498 739,00	Warsaw University of Life Sciences
PL-Basic Research	Crosslinguistic influence in Multilingualism: Phonology and Syntax	1 114 096,00	Adam Mickiewicz University, Poznan
PL-Basic Research	Bridging Psychology with Societal Development Science: Fifty Countries Research into the Relation Between "Folk Theories of Societal Development" and "Ideal Types of Well-being"	1 500 000,00	Institute of Psychology of the Polish Academy of Sciences
PL-Basic Research	Theranostic nanocarriers for drug delivery in central nervous system disorders	1 478 181,00	Jerzy Haber Institute of Catalysis and Surface Chemistry of the Polish Academy of Sciences
PL-Basic Research	Novel mechanisms of PAD activity regulation. Substrate specificity and activation of peptidyl arginine deiminase in the context of rheumatoid arthritis.	1 437 875,00	Jagiellonian University in Kraków
PL-Basic Research	Sounding out survival: Deforestation and sound practices in the Ajusco Green Belt, Mexico	125 196,00	University of Warsaw
PL-Basic Research	Designing of peroxidases-based biocatalytic system for a bio-mitigation of emerging contaminants	177 347,00	Poznan University of Technology
PL-Basic Research	CRiOS – Cryosphere Integrated Observatory Network on Svalbard	1 271 625,00	University of Silesia in Katowice (UoS) / Centre for Polar Studies (CSP)
PL-Basic Research	Poles together – missing links between Arctic and Antarctic early Earth records	1 209 409,00	Institute of Geophysics Polish Academy of Sciences
PL-Basic Research	Interaction of natural killer cells with an infected cancer cell population: microfluidics-based experiments and single-cell-level mathematical modeling	1 500 000,00	Institute of Fundamental Technological Research of the Polish Academy of Sciences
PL-Basic Research	SOLID/SALT PRECIPITATION KINETICS DURING CO2 INJECTION INTO RESERVOIR	1 393 647,00	AGH University of Science and Technology
PL-Basic Research	Sedimentary ancient DNA - a new proxy to investigate the impact of environmental change on past and present biodiversity in Nordic Seas	1 399 684,00	Institute of Oceanology of the Polish Academy of Sciences
PL-Basic Research	The impact of cytoplasmic polyadenylation on local translation in neurons	1 497 699,00	International Institute of Molecular and Cell Biology in Warsaw
PL-Basic Research	Religion, ideology and prosociality: Simulating secularising societies	1 328 075,00	University of Białystok
PL-Basic Research	The ecology of ponds in the context of human activity and geography - environmental DNA and beyond	1 499 362,00	Institute of Nature Conservation of the Polish Academy of Sciences
PL-Basic Research	Symmetry, Curvature Reduction and Equivalence Methods	1 408 011,00	Center for Theoretical Physics of the Polish Academy of Sciences
PL-Basic Research	Understanding patterns of emotional responses to climate change and their relation to mental health and climate action taking	1 056 245,00	Nencki Institute of Experimental Biology of the Polish Academy of Sciences
PL-Basic Research	Submarine Groundwater Discharge in a Changing Arctic: Scale and Biogeochemical Impact	1 472 697,00	Institute of Oceanology of the Polish Academy of Sciences
PL-Basic Research	From apathy to violent extremism: Motivational foundations of political engagement	1 151 392,00	Jagiellonian University in Kraków
PL-Basic Research	Diversity analyses of key genes involved in interaction between potato and Phytophthora infestans	1 499 771,00	Plant Breeding and Acclimatization Institute - National Research Institute
PL-Basic Research	Charm in heavy ion collision	1 458 410,00	University of Silesia in Katowice
PL-Basic Research	Model of paintings with craquelure patterns for evidence-based environmental control in museums	1 005 159,00	Jerzy Haber Institute of Catalysis and Surface Chemistry of the Polish Academy of Sciences
PL-Basic Research	Biomechanical heterogeneity of cancer cells as a parameter for high throughput detectability	995 767,00	The Henryk Niewodniczański Institute of Nuclear Physics Polish Academy of Sciences
PL-Basic Research	Embodying Climate Change: Transdisciplinary Research on Urban Overheating	1 284 944,00	Adam Mickiewicz University, Poznan
PL-Basic Research	How does multisensory virtual experience impact environmental behaviour?	1 492 406,00	Institute of Psychology of the Polish Academy of Sciences
PL-Basic Research	#Webimmunization. How can online social networks create collective resilience against misinformation?	1 330 430,00	Jagiellonian University Medical College
PL-Basic Research	Spin and charge transport in low-dimensional novel quantum materials	1 365 326,00	Adam Mickiewicz University, Poznan
PL-Basic Research	Transport via ocean currents of human pharmaceutical products and their impact on marine biota in the European Arctic	1 489 705,00	University of Gdańsk
PL-Basic Research	Non-invasive in-vivo assessment of local stiffness of human artery walls	1 487 897,00	The Silesian University of Technology
PL-Basic Research	Understanding the Early Universe: interplay of theory and collider experiments	1 498 716,00	University of Warsaw
PL-Basic Research	Symbolic Resources and Political Structures on the Periphery: Legitimization of the Elites in Poland and Norway, c. 1000-1300	1 416 610,00	University of Warsaw
PL-Basic Research	Polish and Norwegian language and world knowledge development in mono- and multilingual children	1 499 057,00	University of Warsaw
PL-Basic Research	Equal in Reaching Aspirations	556 499,00	University of Warsaw
PL-Basic Research	2D MXenes based anode materials for all-solid-state Li-ion batteries	1 494 196,00	The LUKASIEWICZ Research Network - Polish Center for Technology Development PORT
PL-Basic Research	Towards Better Understanding of Factors Influencing the QoE by More Ecologically-Valid Evaluation Standards	998 415,00	AGH University of Science and Technology
PL-Basic Research	Serum metabolome profiling in breast cancer risk assessment	651 477,00	Maria Skłodowska-Curie National Research Institute of Oncology
PL-Basic Research	Molecular profiles of malignant colorectal polyps within the European Polyp Surveillance Study (EPoS IV)	1 376 059,00	Maria Skłodowska-Curie National Research Institute of Oncology
PL-Basic Research	Cellular adaptation to cold	1 499 998,00	International Institute of Molecular and Cell Biology in Warsaw
PL-Basic Research	Activism and Its Moral and Cultural Foundations: Alternative Citizenship and Women's Roles in Kurdistan and the Diaspora	1 414 848,00	Jagiellonian University in Kraków
PL-Basic Research	New speakers of minority languages: proficiency, variation, and change	191 077,00	Institute of Slavic Studies, Polish Academy of Sciences
PL-Basic Research	MODIFICATION OF HIGH NUTRITIONAL GLUTEN-FREE FLOURS BY INNOVATIVE HEAT-MOISTURE TREATMENT FOR THE DEVELOPMENT OF IMPROVED BAKERY PRODUCTS	125 538,00	Wrocław University of Economics and Business
PL-Basic Research	Rough invariant waves	131 231,00	Institute of Mathematics of the Polish Academy of Sciences
PL-Basic Research	Investigation into the mechanism of regulation of nicotinic acetylcholine receptors	199 999,00	Nicolaus Copernicus University in Torun
PL-Basic Research	Valley Dynamics in novel two-dimensional materials	191 723,00	University of Warsaw
PL-Basic Research	Dynamical complexity and pseudometrics	174 390,00	Jagiellonian University in Kraków
PL-Basic Research	Exploration of large-scale structures in a baffled turbulent von Kármán swirling flow	199 267,00	Warsaw University of Technology
PL-Basic Research	Private Law of Data: Concepts, Practices, Principles & Politics	195 170,00	Jagiellonian University in Kraków
PL-Basic Research	Novel Data Driven based Intelligent Prognostics Platform for Complex Cyberphysical Systems towards the Future	129 239,00	Opole University of Technology
PL-Basic Research	Egyptian state formation and the changing socio-spatial landscape of the First Nile Cataract region in the 4th-3rd millennia BCE	192 702,00	Institute of Mediterranean and Oriental Cultures of the Polish Academy of Sciences
PL-Basic Research	Monitoring and parameterization of fitoplankton dynamics in the European Sector of the Arctic Ocean	198 555,00	Institute of Oceanology of the Polish Academy of Sciences
PL-Basic Research	Methods of Prevention of Secession in International Law: The Problem of Internal Self-Determination	122 929,00	Institute of Law Studies of the Polish Academy of Sciences
PL-Basic Research	STATICS AND DYNAMICS OF 3D MAGNETIZATION TEXTURES (3DMATEX)	198 367,00	Adam Mickiewicz University, Poznan
PL-Basic Research	Conformal and CR methods in general relativity	180 763,00	University of Warsaw
PL-Basic Research	Modelling of crustal deformation caused by magma intrusion on terrestrial planetary bodies	195 424,00	Space Research Centre of the Polish Academy of Sciences
PL-Basic Research	Particle production and their correlations in high energy collisions	119 560,00	AGH University of Science and Technology
PL-Basic Research	Modelling On Metallurgical, Tribological and Sustainability Aspects in Energy-Efficient Machining of New Metastable Beta Titanium Alloy for Aircraft Engine Components Application	138 063,00	Opole University of Technology
PL-Basic Research	CHanging AntArctic Marine Environments	199 808,00	Adam Mickiewicz University, Poznan
PL-Basic Research	Autonomous and Unmanned Vessels in International Law: Yara Birkeland and Norway's challenge to the Law of the Sea	114 285,00	Jagiellonian University in Kraków
PL-Basic Research	Structural and functional studies of human PNPase in mitochondrial RNA metabolism	200 000,00	University of Warsaw
PL-Basic Research	Microbial Dissolved Organic Matter utilisation at the near-sediment waters in the Baltic Sea Deep	197 843,00	Institute of Oceanology of the Polish Academy of Sciences
PL-Basic Research	Field Theories, Gravity and Topology in Condensed Matter Systems	196 494,00	Wrocław University of Science and Technology
PL-Basic Research	Metabolic Chronopathology in Depression: Functional Astrocyte-Neuron Interactions in the Cellular Model of Glucocorticoid Resistance	198 982,00	The LUKASIEWICZ Research Network - Polish Center for Technology Development PORT
PL-Basic Research	Diversity management as innovation in journalism	199 978,00	University of Warsaw
PL-Basic Research	Immunogenicity of plant-produced chimeric Virus-Like Particles formed by HBcAg displaying HBsAg epitopes for potential therapy of chronic hepatitis B	199 751,00	Institute of Plant Genetics of the Polish Academy of Sciences
